

STUDENT GUIDELINES TO MAINTAIN LEGAL F-1 STATUS

It is extremely important for an F-1 student to maintain his or her status while in the United States. Failure to maintain the terms and conditions of non-immigrant status is a ground for removal from the United States

All F-1 students must understand and comply with the following ICE requirements:

1. Report to the DSO to have his or her SEVIS record registered in SEVIS in a timely fashion. DSOs must register the student in SEVIS no later than 30 days after the program start date (new students in initial SEVIS status), and each semester thereafter, no later than 30 days after the next session start date (continuing students)
2. For the first entry for initial school attendance, the school listed on the visa and on the I-20 must be the same, and that is the school the student must plan to attend.
3. Pursue a full course of study (12 credit hours) at the school listed on the currently valid Form I-20 during every academic session or semester except during official school breaks, or unless approved under a specific exception, in advance, by the DSO. Students enrolled in a health-related program must adhere to the mandatory full course of study regardless of their program requirements for each term.
4. Make normal progress toward completing the course of study, by completing studies before the expiration of the program completion date on your Form I-20.
5. Keep Form I-20 valid by following proper procedures for extension of stay
6. Keep Form I-20 valid by following proper procedures for change in educational levels or programs of study
7. Keep Form I-20 valid by following proper procedures for transfer of schools
8. Report a change of address to the DSO within 10 days of the change, so that SEVIS can be updated
9. Abide by rules requiring disclosure of information and prohibition on criminal activity
10. Abide by any special requirements, such as Special Registration requirements
11. Not work, off campus, unless specifically authorized under ICE regulations
12. A student should keep his or her passport valid

13. Enroll in only one on-line/distance education course toward satisfaction of the mandatory 12 hour requirement.

14. Obtain permission from the International Student Advisor BEFORE you drop a course for any reason or are dropped for non-attendance or non-payment. If an instructor withdraws you from a course which results in you falling below the 12-hour requirement, you will be considered out of status and have to file for reinstatement

15. Request a travel endorsement on your I-20 from the International Student Advisor before traveling outside the United States. This signature is required for re-entry into the US and is only valid for 6 months. Students with an expired visa must renew their visa before re-entering the US

16. Abide by the following F-1 grace periods: 1) Depart the US within 60 days of either the completion date on Form I-20, or the completion of the program of study, if earlier than the date on Form I-20, unless proper procedures for transferring to another school have been followed. 2) Depart the US within 15 days following an authorized withdrawal. 3) Depart the US immediately upon unauthorized withdrawal from courses or termination of studies, or status violation.

ALL RULES AND REGULATIONS GOVERNING INTERNATIONAL STUDENTS ARE SUBJECT TO CHANGE WITHOUT ADVANCE NOTICE

NOTEIt is the student's responsibility to be aware of the EXPIRATION DATE on their I-20. If the student will not complete their degree program on or before the expiration date, they must file a program extension through the International Student Advisor before the I-20 expires. Failure to do so will result in a violation of status.**

I have read and understand the rules and regulations outlined above regarding F-1 status and agree to abide by them while enrolled as a student at North Central Texas College
