INDEPENDENT AUDITOR'S REPORT

To the Board of Regents
North Central Texas College
North Central Texas College Foundation, Inc.
Gainesville, TX 76240

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of North Central Texas College (College) and North Central Texas College Foundation, Inc. (Foundation), a discretely presented component unit, as of and for the years ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the College's and the Foundation's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statement of the Foundation was not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of North Central Texas College and North Central Texas College Foundation, Inc. as of August 31, 2020 and 2019, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 4-9), Schedule of the Proportionate Share of the Net Pension Liability (Page 53), Schedule of College's Contributions-TRS (Page 54), Schedule of the Proportionate Share of the Net OPEB Liability (Page 55), and Schedule of Employer's Contributions-OPEB (Page 56) be presented to supplement the basic

financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's and the Foundation's basic financial statements.

The supplemental schedules required by Texas Higher Education Coordinating Board, presented on pages 54-59, are presented for purposes of additional analysis as required by the Coordinating Board and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards, pages 62-63, is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and is not a required part of the basic financial statements.

The schedule of expenditures of state awards, page 64, is presented for purposes of additional analysis as required by *State of Texas Single Audit Circular* and is not a required part of the basic financial statements.

The supplemental schedules required by Texas Higher Education Coordinating Board, schedule of expenditures of federal awards, and schedule of expenditures of state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules referenced to in this paragraph are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2020, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Gainesville, Texas
December 11, 2020

Management's Discussion and Analysis

This section of North Central Texas College's annual financial report presents a discussion and analysis of the College's financial performance during the fiscal years ended August 31, 2018, 2019 and 2020. Since this management's discussion and analysis is designed to focus on current activities, resulting change, decisions, or conditions of facts, please read it in conjunction with the College's basic financial statements (pages 10-15) and the footnotes (pages 16-52). The College endeavors to present an objective and easily readable analysis of the overall financial activities to students and the public. Responsibility for the completeness and fairness of this information rests with the College.

Overview of the Financial Statements

This annual report consists of four parts – management discussion and analysis, the basic financial statements, required supplementary information, and schedules of federal and state grant and contract expenditures.

The basic financial statements, according to GASB 34, Par. 138, under Business-type Activity include two kinds of statements that present different views of the College:

The *Statement of Net Position* and the *Statement of Revenues, Expenses, and Changes in Net Position* are College-wide financial statements that provide both long-term and short-term information about the College's overall financial status. The remaining financial statements are Statement of Cash Flows, Schedule of Operating Revenues, Schedule of Operating Expenses by Object, Schedule of Non-Operating Revenues and Expenses, Schedule of Net Position by Source and Availability, Schedule of Expenditures of Federal Awards, and Schedule of Expenditures of State Awards that provide more detail on the specific revenue generated and expenditures made during the past year of operation.

The Statement of Net Position reports the total net position available to finance future services (GASB 34, Par. 430). As a business-type activity, the College reports in the single column, entity-wide format. GASB 34 specifies the elements of the statement of net position to be classified as current assets, non-current assets, current liabilities, non-current liabilities, and net position. Net Position are to be classified as invested in capital assets, net of related debt.

The Statement of Revenues, Expenses and Changes in Net Position is a statement of activities and reports the effect of non-operating (general maintenance ad-valorem tax) revenues, defined as the amounts of the functions that are not supported by charges to users (state appropriations and student tuition and fees). Revenues are presented as operating (program) revenue, non-operating (general) revenue, and other revenues, expenses, gains and losses. Expenses are reported by function, except those that meet the definition of special or extraordinary items (GASB 34 Par. 41). Functional expenses are defined as the "direct" expense specifically associated with a function and would not include allocations of indirect expenses. The functional categories for expenses are instruction, research, public service, academic support, institutional support, operation and maintenance of plant, scholarships and fellowships, auxiliary enterprises, and depreciation expense.

The primary purpose of the Statement of Cash Flows is to provide relevant information about the cash receipts and cash payments of an entity during the fiscal period. The statement explains the changes during the period in cash and cash equivalents regardless of whether there are restrictions on their use. The total amount of cash and cash equivalents at the beginning and end of the period shown in the statement are easily traceable to similarly titled items or subtotals shown on the statement of net position. First, the statement reports the effects during the period of operations, capital financing, non-capital financing, and investing transactions.

Secondly, related information reports the investing, capital, and financing transactions that affect financial position but do not directly affect cash flows during the period. Finally, a reconciliation of operating income to net cash from operating activities is provided.

The Schedule of Operating Revenues provides a detail presentation of all operating revenue regardless of source. Sources of operating revenue are state appropriations, tuition, fees, scholarship allowances and discounts, other operating revenue from grants and contracts, and auxiliary enterprises.

The Schedule of Operating Expenses by Object displays operating expenses split between restricted and unrestricted categories. Educational activities are reported as instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarship and fellowships. Auxiliary enterprises' expenses and depreciation expense are also reported on this schedule.

The Schedule of Non-Operating Revenues and Expenses shows M&O ad valorem taxes, investment income, and other non-operating revenues as well as, interest on capital related debt, loss on disposal of capital assets and other non-operating revenues.

The Schedule of Net Position by Source and Availability shows details by source for unrestricted, restricted expendable, restricted non-expendable, and capital assets net of depreciation and related debt for current funds, endowment funds, and plant funds. The schedule also shows net increase or decrease by category.

The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Awards are schedules that satisfy the A-133 requirements and the State of Texas Single Audit Circular requirements.

Financial information for the component unit, North Central Texas College Foundation, Inc., is reported separately from the financial information presented for the primary government. Complete financial statements for the component unit are available from the Office of the Vice-Chancellor of Financial Services, North Central Texas College, upon request.

Condensed Comparative Financial Information

A comparative analysis of financial statement data is presented for the College.

Analysis of the College's Overall Financial Position

The overall financial position of the College is very good. There was a significant increase in many critical areas during the past year. The combined fall credit and noncredit head count enrollment grew from 5,180 in 2002 and peaked at 10,525 in Fall 2018. Student tuition and fee revenue increased from \$3,871,000 in 2002 to \$21,504,682 in 2020. While the College has grown substantially over the last few years, the state appropriations have not grown at a comparable rate, thus the growth the College has experienced is not being funded through state appropriations. Although state funding has increased from \$7,370,000 in 2002 to \$15,871,006 in 2020, the portion of state funding has decreased from 38.3% of the total expenditures in 2002 to 24.34% in 2020.

An additional positive trend is the growth of the tax base valuation of the district. The College taxing district is Cooke County, Texas. Ad valorem taxes are assessed and collected by the College based on the valuation of real property and minerals on January 1. The trend from 2000 until 2019 has been a continual increase in taxable assessed valuation from \$1,288,353,176 in 2000 to \$3,512,461,263 in 2020. Total tax collections have increased from \$1,332,078 in 2000 to \$4,102,806 in 2020. The combined maintenance and operations and debt service tax was \$0.1064 for the fiscal year ended August 31, 2020. The approved maintenance and operations

tax rate per \$100 of valuation remained at \$0.0808 and the interest and sinking tax rate decreased to \$0.02560 for a total of \$0.1064 in 2020.

While the Texas Tax Code, Title 1 Property Tax Code, Chapter 26, Assessments section 26012 states "Maintenance and Operations Assessments" can be used for any lawful purpose other than debt service for which a taxing unit may spend property tax revenues, NCTC has chosen to more narrowly define what it considers maintenance and operations. NCTC has identified a group of maintenance and operational accounts (for the Gainesville Campus only) for which taxpayers are expected to provide the necessary support. Historically, the tax revenues have not been enough to cover the maintenance and operational cost for the Gainesville Campus, thus the balance has been paid for from other unrestricted funds. NCTC Board of Regents approved a tax freeze in 2005 for property tax owners over 65 or disabled.

Net position may serve over time as a useful indicator of an entity's financial position. In the case of the College, assets exceeded liabilities by \$17,680,718 as of August 31, 2020.

**Table I
Net Assets**

	Business-type Activities 2020	Business-type Activities 2019	Business-type Activities 2018
Current and other assets	\$ 22,816,112	\$ 22,455,594	\$ 24,314,739
Capital assets	47,715,248	49,539,473	49,795,994
Total assets	<u>70,531,360</u>	<u>71,995,067</u>	<u>74,110,733</u>
Deferred Outflows of Resources	17,382,443	17,762,315	1,850,281
Non current liabilities	51,956,752	49,619,596	38,000,338
Other liabilities	8,771,890	11,356,590	9,338,082
Total liabilities	<u>60,728,642</u>	<u>60,976,186</u>	<u>47,338,420</u>
Deferred Inflows of Resources	9,504,443	10,451,899	4,926,616
Net Position:			
Net investment in capital assets	34,466,575	34,832,007	33,658,990
Restricted	2,085,005	2,898,264	3,372,989
Unrestricted	<u>(18,870,862)</u>	<u>(19,400,974)</u>	<u>(13,336,001)</u>
Total net position	<u>\$ 17,680,718</u>	<u>\$ 18,329,297</u>	<u>\$ 23,695,978</u>

Investments in capital assets (e.g., land, buildings, furniture, and equipment) less any related debt used to acquire those assets that is still outstanding is \$34,466,575. The College uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the College's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the College's Net Position (approximately 11.79%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted Net Position is a deficit of (\$18,870,862) as of August 31, 2020. The reason for this deficit was due to new standards that required recording the College's proportionate share of the Employees Retirement System of Texas (ERS) net other post-employment benefits (OPEB) liability. The total net position is not an indication that the College has significant resources available to meet financial obligations next year, but rather the result of having long-term commitments that are less than currently available resources.

The College's total net position decreased by \$648,579 because of current year's operations. The total cost of all business-type activities was \$65,194,495. The amount of these activities paid through property taxes was \$4,113,339 for the year ended 8/31/2020.

Significant Capital Assets and Long-term Debt Activity

During the fiscal year 2020, the College issued no new debt. The College's major capital asset purchases for 2020 included completing prior year building projects in Denton, purchases of vehicles and tractors and purchases of teaching equipment.

Discussion of Current Known Facts, Decisions, or Conditions

Enrollment for credit and non-credit headcount increased slightly in Fall 2018 to an all-time high of 10,525. After peaking in Fall 2018, enrollment dropped to 9,577 in Fall 2019. Fundable contact hours dropped from the previous fall term of 1,501,776 to 1,378,320.

Other Capital Assets and Long-term Debt Activity

For 2020 depreciation expense of \$2,506,904 was recorded. The College spent over \$680,000 in capital outlay during the current fiscal year. The capitalization policy of recording capital assets when the item value is \$5,000 or greater and has a useful life of greater than one year became effective with the year ended August 31, 2002.

The College has four bonds outstanding as of August 31, 2020 as follows:

- 1) The 2011 Series issue was for \$4,065,000. The 2011 Series were used, along with \$304,955, to refund the 1998 Series with an outstanding balance at the time of \$3,705,000. A payment of \$390,000 was made during the year and the balance outstanding at year-end was \$820,000. The bonds will mature May 2022. The bond covenant requires funds be set-aside in an interest and sinking fund and a reserve fund. At August 31, 2019, the amount set aside was adequate.
- 2) The 2013 Series issue was for \$3,505,000. The 2013 Series was used to partially refund the 2004 Series with an outstanding balance at the time of \$3,915,000. A payment of \$440,000 was made during the year and the balance outstanding at year-end was \$920,000. The bonds will mature May 2022. The bond covenant requires funds be set-aside in an interest and sinking fund and a reserve fund. At August 31, 2019, the amount set aside was adequate.
- 3) The 2013 Series Limited Tax General Obligation Bond in the amount of \$5,500,000. This bond was issued for the purpose of constructing the Health Science Building and adding on to the Industrial Technology Center. A payment of \$535,000 was made during the year and the balance outstanding at year-end was \$2,890,000. The bonds will mature August 2025.
- 4) The 2014 Series Limited Tax General Obligation Bond in the amount of \$8,730,000. This bond was issued for the purpose of constructing the Health Science Building and adding on to the Industrial Technology Center. A payment of \$100,000 was made during the year and the balance outstanding at year-end was \$8,065,000. The bonds will mature August 2034.

Revenues enough to make all required payments of principal and interest have been properly recorded. Moody's Investor Services have the College's bond rating at A1 for the revenue bonds and Aa3 for the general obligation bonds. The College has never defaulted on any outstanding bond issue.

Economic Factors That Will Affect the Future

Lingering effects of the coronavirus will continue into 2021. The College anticipates enrollment will rebound once the economic uncertainties created by the pandemic have ended. The big question will be "How long until that uncertainty is gone?". The College has already experienced

a workforce reduction in response to the lower enrollment. A further drop in enrollment could force additional personnel moves going into FY2021-22. In the coming months, the College expects to pursue options for expanding its taxing authority to provide greater stability for the College to serve constituents in its entire service area.

Contacting the College's Financial Management

This financial report is designed to provide taxpayers, customers, investors and creditors with a general overview of the College's finances and to demonstrate the College's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Office of the Vice-Chancellor of Fiscal Affairs, North Central Texas College, 1525 West California St., Gainesville, Texas 76240.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

1. REPORTING ENTITY

North Central Texas College (the College) was established in 1924 as Gainesville Junior College, in accordance with the laws of the State of Texas, to serve the educational needs of Cooke County and the surrounding area. The College is considered to be a special purpose, primary government, according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The Board of Regents (the Board), a seven-member group constituting an on-going entity, is the level of government that has governance responsibilities over all activities, programs, and facilities of the College. The Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operation and primary accountability for fiscal matters.

The governmental reporting entity consists of the College and its component unit. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and significant relationship with the College are such that exclusion would cause the College's financial statements to be misleading. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the College's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the College.

The basic financial statements include both blended and discretely presented component units. The blended component unit, although a legally separate entity, is in substance, part of the College's operations and so data from this unit is combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate statement to emphasize it is legally separate from the government.

For financial reporting purposes, the College's basic financial statement include all financial activities that are controlled by or are dependent upon actions taken by the College's board of regents. The financial statements of the component unit may be obtained by writing to North Central Texas College, 1525 W. California, Gainesville, TX 76240.

The facilities utilized in the College system are located on six distinct campuses, Gainesville in Cooke County, Corinth in Denton County, Flower Mound in Denton County, Bowie in Montague County, and Graham in Young County. The College's primary campus rests on 132 acres of land located in the southwest section of Gainesville, Texas, on U.S. Highway 51. In January 2000, the College opened two extension centers located at Corinth and at Bowie. The Gainesville and Corinth campuses are capitalized assets of the College. The Bowie campus is operated under a lease with the Bowie 4B Sales Tax Corporation; the lease is discussed elsewhere in these disclosures. The fourth campus was opened in Graham, in Young County; citizens of Graham Independent School District passed a Branch Campus Maintenance Tax in November 2009 with tax revenue beginning in 2010-2011. The fifth campus Flower Mound opened in January 2011 in leased facilities and converted to a lease-to-own agreement through 2032. The sixth campus, FSB Exchange, opened in September 2019 in leased facilities. The lease agreement terminates in 2043.

The College offers academic and professional courses for students who plan to transfer to senior colleges and universities to continue to work toward a baccalaureate degree as well as technical and vocational courses to develop occupational skills and continuing education courses for adults. The College has several secondary instruction sites in North Texas.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants: Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This "set aside" amount, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the student uses the award for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds: Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as restricted revenue. When the student uses the award for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts: The College awards tuition and fee scholarships from institutional funds to students who qualify. When the student uses the award for tuition and fees, the amount is recorded as tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis of accounting, whereby all revenues are recorded when earned, and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The Board adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The College sets aside resources for the repayment of the bonds. The College has designated public funds investment pools comprised of \$13,006,518 and \$12,525,009 on August 31, 2020 and August 31, 2019 respectively, to be cash equivalents. The College also segregates bond proceeds to be used for capital projects. These assets are classified as restricted cash on the statement of net position because their use is limited by applicable bond covenants and they are maintained in separate bank accounts.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories of the College consist of consumable fuel and cosmetology stock. Inventories are valued at cost, using the average cost method of valuation, and are charged to expense as consumed or sold. Inventory at year-end consisted of the following amounts:

	August 31, 2020	August 31, 2019
Fuel	\$ 291	\$ 1,617
Cosmetology Stock	14,186	24,560
	\$ 14,477	\$ 26,177

Capital Assets

Capital assets are recorded at cost at the date of acquisition or estimated fair market value at the date donated. The College's capitalization policy includes all real or personal property with a value of \$5,000 or more and an estimated life more than 2 years. Renovations of \$100,000 to buildings and infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged to operating expense in the year in which the expense is incurred.

The College reports depreciation under a single-line item as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Buildings	50 years
Facilities and Other Improvements	20 years
Furniture, Machinery, Other Equipment	10 years
Vehicles	7 years
Telecommunications and Peripheral Equipment	5 years
Library Books	15 years

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Employees retirement system of Texas (ERS) State retiree Health Plan (SRHP) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits; OPEB expense; and information about assets, liabilities and additions to/deductions from SRHP's fiduciary net position. Benefit payments are recognized when due and are payable in accordance with the benefit terms.

Pensions

The College participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost sharing defined benefit pension plan with a special funding situation. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Unearned Revenues

Unearned revenues on August 31, 2020 and 2019 were as follows:

	<u>August 31, 2020</u>	<u>August 31, 2019</u>
Tuition	\$ 5,906,311	\$ 7,648,518
State Grant	10,000	10,000
Federal Grant	-	11,627
	<u>\$ 5,916,311</u>	<u>\$ 7,670,145</u>

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB. The College's deferred inflows consist of inflows related to pensions and other post-employment benefits.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB. The College's deferred outflows consist of deferred charges on refunding debt, deferred outflows related to pensions and other post-employment benefit.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a business type activity (BTA) and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. As of July 17, 2011, the operation of the bookstore is no longer performed by the college.

Net Position

When the College incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first.

On August 31, 2020 and 2019, net position of the College consisted of the following:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

	<u>August 31, 2020</u>	<u>August 31, 2019</u>
Net property, plant and equipment	\$ 47,715,248	\$ 49,539,473

Total net position	<u>\$ 17,680,718</u>	<u>\$ 18,329,297</u>

3. AUTHORIZED INVESTMENTS

The Board has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act. The investments of the College are in compliance with the adopted investment policies.

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

4. DEPOSITS AND INVESTMENTS

Cash and Deposits

The College's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the College's agent bank approved pledged securities in an amount sufficient to protect College funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) assurance.

Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits might not be recovered. The College does have a policy for custodial credit risk. On August 31, 2020 and 2019, the carrying amounts of the College's bank deposits were \$3,974,457 and \$3,198,402, respectively, and total bank balances equaled \$3,256,828 and \$2,709,139. Bank balances of \$415,426 and \$394,570 were covered by FDIC, and \$2,841,402 and \$2,314,569 were covered by collateral pledged in the College's name for the years ended August 31, 2020 and 2019, respectively.

Public Funds Investment Pool

The College has cash equivalents that consist of balances held by the Texas Local Government Investment Pool (TexPool). The State Comptroller of Public Accounts exercises oversight responsibility of TexPool. Oversight includes the ability to significantly influence operations, designations of management and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. TexPool is rated AAAM by Standard & Poors. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poors, as well as the office of the Comptroller of Public Accounts for review.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

TexPool operates in a manner consistent with SEC's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net position to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares. The College considers TexPool balances to be cash equivalents.

Cash and Cash Equivalents

Cash, deposits, and cash equivalents consist of the following:

		The College (Primary Government)	
		Assets - Exhibit 1	
		8/31/2020	8/31/2019
Bank Deposits			
Demand Deposits	\$	3,974,457	\$ 3,198,402
Petty Cash and Cash on Hand		2,225	2,375
Total Cash and Deposits		3,976,682	3,200,777
Cash Equivalents			
TexPool		13,006,518	12,525,009
Total Cash, Deposits, and Cash Equivalents	\$	16,983,200	\$ 15,725,786

Custodial credit risk for deposits is the risk that in the event of a bank failure, the College's deposits may not be returned, or the College will not be able to recover collateral securities in the possession of an outside party. The College's policy requires deposits to be 100% secured by collateral valued at market less the amount of the Federal Deposit Insurance Corporation (FDIC) limit. On August 31, 2019, the College's deposits are not exposed to custodial credit risk.

Investments

The College's investments consist of certificates of deposit located in several area banks. These certificates of deposit have maturity values of 1 year, and as such are considered short term investments. On August 31, 2020 and 2019, the College had the following investments:

Investment Type	Fair Value		Investment Maturities in Years			
	8/31/2020	8/31/2019	1 or Less	1 to 5	5 to 10	10 to 15
Certificates of Deposit	\$ 4,133,395	\$ 4,105,908	\$ 4,133,395	\$ -	\$ -	\$ -
Certificates of Deposit	\$ 4,105,908	\$ 4,105,908	\$ 4,105,908	\$ -	\$ -	\$ -

The Public Funds Investment Act also requires the College to have independent auditors perform test procedures related to investment practices as prescribed by that legislation. The College is in compliance with the requirements of the Public Funds Investment Act.

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the College was exposed to the following specific investment risks at year-end and, if so, the reporting of certain related disclosures:

- Credit Risk - Risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. For the years ended August 31, 2020 and 2019, the College was not exposed to credit risk.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

- Concentration of Credit Risk - Risk of loss attributed to the magnitude of an entity's investment in a single issuer. For the years ended August 31, 2020 and 2019, the College was not significantly exposed to a concentration of credit risk.
- Interest Rate Risk - Risk that changes in the interest rates will adversely affect the fair value of an investment. For the years ended August 31, 2020 and 2019, the College was not significantly exposed to interest rate risk.
- Foreign Currency Risk - Risk that exchange rates will adversely affect the fair value of an investment. For the years ended August 31, 2020 and 2019, the College was not exposed to foreign currency risk.

7. LONG-TERM LIABILITIES

Bonds payable on August 31, 2020 were comprised of the following individual issues:

NCTC District Tuition and Combined Fee Revenue Refunding Bonds. Series 2011

- For the refunding of the Series 1998 Bonds
- Issue date October 1, 2011
- Original amount authorized and issued \$4,065,000
- Source of revenue for debt service-Tuition and Fees
- Payable in annual installments varying from \$330,000 to \$415,000
- Interest rates from 2% to 3%
- Final installment due May 2022

NCTC District Tuition and Combined Fee Revenue Refunding Bonds. Series 2013

- For the partial refunding of the Series 2004 Bonds
- Issue date November 15, 2012
- Original amount authorized and issued \$3,505,000
- Source of revenue for debt service-Tuition and Fees
- Payable in annual installments varying from \$40,000 to \$465,000
- Interest rate 2.25%
- Final installment due May 2022

NCTC District Limited Tax General Obligation Bonds, Series 2013

- For the construction and renovation of College buildings on the Gainesville campus
- Issue date December 30, 2013
- Original amount authorized and issued \$5,500,000
- Source of revenue for debt service-Ad Valorem Tax
- Payable in annual installments varying from \$140,000 to \$610,000
- Interest rate 2.64%
- Final installment due August 2025

NCTC District Limited Tax General Obligation Bonds, Series 2014

- For the construction and renovation of College buildings on the Gainesville campus
- Issue date February 27, 2014
- Original amount authorized and issued \$8,730,000
- Source of revenue for debt service-Ad Valorem Tax
- Payable in annual installments varying from \$165,000 to \$1,025,000
- Interest rate 2.0% to 4.75%
- Final installment due August 2034

Activity in long term liabilities for the years ended August 31, 2020 and 2019, was as follows:

2026-2030	3,675,000	1,691,050	5,366,050
2031-2034	3,830,000	465,499	4,295,499
Total Requirements	<u>\$ 12,695,000</u>	<u>\$ 4,142,702</u>	<u>\$ 16,837,702</u>

Accreted Interest Payable

A portion of the 2013 General Obligation Bond and the 2014 General Obligation Bonds consisted of capital appreciation bonds (CABS). These bonds are zero-coupon bonds with deep discounts. The difference between the initial price of the bonds plus the premium on the CABS and the maturity value represents interest. This interest is accreted over the term of the bonds and is recorded as a liability in the District's financial statements. The following schedule summarizes the changes in accreted interest payable during the years ended August 31, 2020 and 2019.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

<u>August 31, 2020</u>	Balance 9/1/2019	Booked	Retired	Balance 8/31/2020

<u>August 31, 2019</u>	Balance 9/1/2018	Booked	Retired	Balance 8/31/2019
Accreted Interest Payable	\$ 83,724	\$ 20,502	\$ -	\$ 104,226

8. LEASE OBLIGATIONS

Bowie Campus Lease: The Bowie campus in Montague County is operated under a lease with Bowie 4B Sales Tax Corporation (the Corporation); sales tax revenues from the City of Bowie provide for the construction and maintenance of the facility. Per the lease agreement with the Corporation, the College leases the facility from the Corporation at a rate of \$1 per year until the debt associated with the facility is paid in full. At that time, the College has the option to purchase the facility at a cost of \$1. In addition to the rent, the College pays to the Corporation a "Building Usage Fee"; the amount is calculated based on student enrollment at the Bowie campus at \$25 per student. The Building Usage Fee is payable twice per year; on or before October 1 based on the Fall semester enrollment and on or before March 1 based on the Spring semester enrollment.

Flower Mound Campus Lease: The Flower Mound Campus in Denton County was initially operated under a lease with Eagle Parker Square, LLC. In August 2012, the property sold, and the College entered into a lease/purchase agreement with New Hope CEFFC through May 2032. The College has the option to purchase beginning in 2022; if that option is not exercised prior to completion of the lease agreement, the property ownership will transfer to the College in 2032 for the purchase price of \$1. Payment of the lease is made semiannually.

Graham Campus Lease: The Graham campus in Young County is operated under a lease with the City of Graham. Per the lease agreement with the City, the College leases the facilities at a rate of \$10 per year. The primary term of the lease is for a five-year period. The lease may be renewed and extended for three additional five-year periods. Payment of the \$10 lease rate is due before September 1st of each lease year.

FSB Exchange (Denton) Campus: The FSB Exchange Campus in Denton County is operated under a lease with NCCD--North Central Properties, LLC. The College has the option to purchase beginning in 2028. If that option is not exercised prior to the completion of the lease agreement, the property ownership will transfer to the College in 2043 for the purchase price of \$1. Payment of the lease is made semiannually.

Other Leases: The College leases various copiers and other equipment under noncancelable operating (noncapitalized) leases that have an initial term in excess of one year. The College also entered into leases for classroom space on the Corinth campus. The lease expense for the equipment and classroom space for the year ended August 31, 2020 and 2019 was \$1,696,017 and \$1,485,266, respectively.

Minimum future requirements as of August 31, 2020 were as follows:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

<u>Fiscal Year</u> <u>August 31,</u>	<u>Future Minimum</u> <u>Lease Payments</u>
2021	\$ 2,173,518
2022	2,208,892
2023	2,180,356
2024	1,076,566
2025	963,679
2026-2030	11,386,967
2031-2035	9,476,388
2036-2040	7,692,800
2041-2043	4,610,800
Total	<u>\$ 41,769,966</u>

9. ADVANCE REFUNDING BONDS

NCTC District Tuition and Combined Fee Revenue Refunding Bonds. Series 2011

- Refunded \$4,235,000 of District Revenue Bonds, Series 1998
- Issued refunding bonds on 10/1/2011
- \$4,065,000, all authorized bonds have been issued
- Average interest rate of bonds refunded—4.75%
- Net proceeds from Refunding Series \$4,011,276 after payment of \$53,724 in underwriting fees, insurance, and other issuance costs
- Additional \$292,930 of Series 1998 sinking fund monies were used to purchase U.S. Government securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the 1998 bonds.
- The 1998 Series bonds are considered fully defeased and the liability for those bonds has been removed from the Investment in Plant Fund Group.
- Advance refunding of the 1998 Series bonds reduced the college's debt service payments over the next 12 years by approximately \$1,074,281
- Economic Gain--\$522,470, difference between the net present value of the old and new debt service payments, excluding the reserve fund contribution
- Accounting Loss-\$69,206 as a result of the advance refunding

NCTC District Tuition and Combined Fee Revenue Refunding Bonds. Series 2013

- Refunded \$3,255,000 of District Revenue Bonds, Series 2004
- Issued refunding bonds on 11/15/2012
- \$3,505,000, all authorized bonds have been issued
- Average interest rate of bonds refunded—4.375%
- Net proceeds from Refunding Series \$3,453,563 after payment of \$51,437 in underwriting fees, insurance, and other issuance costs
- The 2004 Series bonds are considered partially defeased and the liability for the defeased coupons have been removed from the Investment in Plant Fund Group. The coupons due on 5/15/2013 and 5/15/2014 were not defeased.
- Advance refunding of the 2004 Series bonds reduced the college's debt service payments over the next 9 years by approximately \$166,280
- Economic Gain-\$151,952, difference between the net present value of the old and new debt service payments
- Accounting Loss-\$198,563, as a result of the advance refunding

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Bond Issue	Year Refunded	Par Value Outstanding
Series 1998	2011	\$ 1,585,000
Series 2004	2013	\$ 920,000

11. EMPLOYEES RETIREMENT PLAN

Defined Benefit Pension Plan

Plan Description. The College participates in a cost-sharing, multiple employer defined benefit pension plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Sec 67, and Texas Government Code, Title 8 Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pensions' Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at http://www.trs.texas.gov/TRS%20Documents/cafr_2016.pdf; by writing to TRS, 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times year of credited service to arrive at the annual standard annuity except for members who are grandfathered, whose formulas use the three highest annual salaries. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the members age and years or service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes, including automatic cost of living adjustments (COLA). Ad hoc post-employment benefit changes, including ad hoc COLAs, can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code Section 821.006 prohibits benefit improvements if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years or, if the amortization period already exceeds 31, years, the period would be increased by such action.

In May 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (Senate Bill 12) that provides for gradual contribution increases from the State, participating employers, and active employees to make the pension fund actuarially sound. Because this action causes the pension fund to be actuarially sound, the Legislature approved funding for the 13th check in September 2019. All

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

eligible members retire as of December 31, 2018 received an extra annuity check in either the matching amount of their monthly annuity or \$2,000, whichever was less.

Contributions. Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025.

	2019	2020
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	6.8%	7.5%
Employers	6.8%	7.5%
Current fiscal year employer contributions		\$ 860,898
Current fiscal year member contributions		\$ 1,602,880
2019 measurement year NECE on-behalf contributions		\$ 587,647

The College's contributions to the TRS pension plan during the fiscal year ended August 31, 2020 was \$860,898 as reported in the Schedule of District Contributions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions were \$587,647.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation for all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers.

Public junior colleges are required to pay the employer contributions rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code
- During a new member's first 90 days of employment
- When any part or all an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate of all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions. The total pension liability in the August 31, 2019 actuarial valuation was determined using the following actuarial assumptions:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Methods and Assumptions Used to Determine Contribution Rates

Valuation Date	August 21, 2018 rolled forward to August 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term Expected Rate	7.25%
Municipal Bond Rate as of August 31, 2019	2.63%. Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection Period (100 Years)	2116
Inflation	2.30%
Salary Increases	3.05% to 9.05%, including inflation
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions were selected by the TRS Board of Trustees based upon analysis and recommendations by the TRS system's actuary. The TRS Board of Trustees has the sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three-year period ending August 31, 2017 and adopted on July 2018. There were no changes to the actuarial assumptions or other inputs that affected the measurement of the total pension liability since the prior measurement period. Assumptions, methods, and plan changes were updated from the prior year's report. The net pension liability increased significantly since the prior measurement date due to a change in the following actuarial assumptions:

- The total pension liability as of August 31, 2019 was developed using a roll-forward method from the August 31, 2018 valuation.
- Demographic assumptions including postretirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 6.907% as of August 31, 2018 to 7.25% as of August 31, 2019.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Discount Rate. The single discount rate used to measure the total pension liability was 7.25%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine the single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.5% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2019 are summarized below:

Asset Class	FY19 Target Allocation*	New Target Allocation**	Long-term Expected Geometric Real Rate of Return ***
Global Equity			
USA	18.0%	18.0%	6.40%

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the 2019 Net Pension Liability.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
College's proportionate share of the net pension liability	\$ 16,882,593	\$ 10,983,077	\$ 6,203,054

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. On August 31, 2020, the College reported a liability of \$10,983,077 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

College's proportionate share of the collective net pension liability	\$ 10,983,077
State's proportionate share that is associated with the College	8,727,990
Total	\$ 19,711,067

The net pension liability was measured as of August 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

At the measurement date of August 31, 2019, the employer's portion of the collective net pension liability was 0.0211281582% which was an increase of 0.000508266% from its portion measured as of August 31, 2018.

Changes Since the Prior Actuarial Valuation

- The single discount rate as of August 31, 2018, was a blended rate of 6.907%, and that has changed to the long-term rate of return of 7.25% as of August 31, 2019.
- With the enactment of SB 3 by the 86th Texas Legislature, 2019, as assumption has been made about how this would impact future salaries. It is assumed that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected in the actuarial assumptions.
- The Texas Legislature approved funding for a 13th check in September 2019. All eligible members retired as of December 31, 2018 received an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment or \$2,000, whichever is less.

For the year ended August 31, 2020 the College recognized pension expense of \$2,507,761 and revenue of \$1,371,044 for support provided by the State.

On August 31, 2020, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 46,139	\$ 381,350
Changes in actuarial assumptions	3,407,490	1,408,136
Difference between projected and actual investment earnings	660,306	550,023
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	471,949	117,517
Subtotal	4,585,884	2,457,026
Contributions paid to TRS subsequent to the measurement date *	860,898	-
Total	\$ 5,446,782	\$ 2,457,026

*The 860,898 reported as Deferred Outflows of Resources resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended August 31, 2021.

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended August 31,	Pension Expense
2021	\$ 283,391
2022	681,531
2023	632,588
2024	241,088
Thereafter	(90,193)

Defined Contribution Plan

Plan Description. The State has also established an optional retirement program for institutions of higher education in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. State law provides for a member contribution rate of 6.60% for fiscal year 2020 and 2019. The College contributes an additional 2.5% for employees who are participating in the optional retirement program. Benefits fully vest after one year plus one date of employment. Because these are individual annuity contracts, the State has no additional or unfunded liability for this program. Senate Bill (S.B.) 1812, 83rd Texas Legislation, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the College was \$728,738 and \$623,422 for the fiscal years ended August 31, 2020 and 2019, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

Summary of Combined Retirement Plans

The total payroll of all College employees was \$26,362,572 and \$25,907,973 for fiscal years August 31, 2020 and 2019, respectively. The total payroll of employees covered by the TRS was \$19,433,025 and \$18,330,433; and the total payroll of employees covered by the ORP was \$2,752,681 and \$2,955,158 fiscal years August 31, 2020 and 2019, respectively.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

12. POSTEMPLOYMENT BENEFITS OTHER THAN PENIONS (OPEB)

Plan Description. The College participates in a cost-sharing, multiple-employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefit Program (GBP) is administrated by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years' service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provision of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position. Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial report (CAFR) that includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained on the Internet at <https://ers.texas.gov/About-ERS/Reports-and-Studies/Reports-on-Overall-ERS-Operations-and-Financial-Management>; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

Benefits Provided. Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions. Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS Staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarized the maximum monthly employer contribution toward eligible retiree's health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

**Maximum Monthly Employer Contribution
Retiree Health and Basic Life Premium**

	2019	2020
Retiree only	\$ 622	\$ 625
Retiree and spouse	1,335	1,341
Retiree and children	1,099	1,104
Retiree and family	1,812	1,820

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table:

**Premium Contributions by Source
Group Benefits Program Plan**

	Fiscal Year Ended 8/31/20	Fiscal Year Ended 8/31/19
Employers	\$ 338,831	\$ 258,391
Members (Employees)	177,179	170,945
Nonemployer Contributing Entity (State of Texas)	17,042	13,958
Total Contributions	\$ 533,052	\$ 443,294

Source: ERS 2019 Comprehensive Annual Financial Report

Actuarial Assumptions. The total OPEB liability was determined by an actuarial valuation as of August 31, 2019 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Actuarial Assumptions
ERS Group Benefits Program Plan

Valuation Date	August 31, 2019
Actuarial Cost Method	Entry Age
Amortization Method	Level Percent of Payroll, Open
Amortization Period	30 Years
Asset Valuation Method	Not Applicable
Inflation Rate	2.50%
Healthcare cost trend rates	7.3% for FY2021, 7.4% for FY2022, 7.% for FY2023, decreasing 50 basis points per year for an ultimate rate of 4.5% for FY2028 and later years
Salary Increases	2.5%-9.5%, including inflation
Discount rate	2.97%
Aggregate payroll growth	3.00%
Retirement age	Experience-based tables of rates that are specific to the class of employee
Mortality Assumptions:	
Service retirees, survivors and other inactive members	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018
Disability retirees	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of 4 per 100 male members and 2 per 100 female members
Active members	Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014.

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period September 1, 2010 to August 31, 2017 for higher education members.

Investment Policy. The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate. Because GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 3.96%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 2.97%, which amounted to a decrease of .99%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds average credit quality is roughly equivalent to Moody's Investor Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

therefore the years of projected benefit payments to which the long-term expected rate of return is applicable to zero years.

Discount Rate Sensitivity Analysis. The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used in measuring the net OPEB liability.

	1% Decrease in Discount Rate (1.96%)	Discount Rate (2.96%)	1% Increase in Discount Rate (3.96%)
College's proportionate share of the net OPEB liability	\$ 34,824,987	\$ 29,183,496	\$ 29,421,621

Healthcare Trend Rate Sensitivity Analysis. The initial healthcare trend rate is 7.30% and the ultimate rates is 4.50%. The following schedule shows the impact on the College's proportionate share of the collective net OPEB Liability if the healthcare cost trend rate used was 1% lower or 1% greater than the healthcare cost trend rate that was used (7.30%) in calculating the net OPEB Liability.

	Healthcare Cost Trend		
	1% Decrease Rates 6.3% Decreasing to 3.5%	Current Trend Rates 7.3% Decreasing to 4.5%	1% Increase Rates 8.3% Decreasing to 5.5%
College's proportionate share of the net OPEB liability	\$ 24,505,123	\$ 29,183,496	\$ 35,297,057

OPEB Liabilities, OPEB Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB. On August 31, 2020. The College reported a liability of \$29,183,496 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State support provided to the college for OPEB. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College was as follows:

College's proportionate share of the collective net OPEB liability	\$ 29,183,496
State's proportionate share that is associated with the College	27,310,513
Total	\$ 56,494,009

The net OPEB liability was measured as of August 31, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

At the measurement date of August 31, 2019, the employer's proportion of the collective net OPEB liability was .08443645% which was an increase of .000277940% from its proportion measured as of August 31, 2018.

For the year ended August 31, 2020, the district recognized total OPEB expense of \$2,170,259 and revenue for support provided by state and federal sources of \$28,611.

Changes in Actuarial Assumptions. Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

- Demographic assumptions (including rates of retirement, disability, termination, mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the Teacher Retirement System (TRS) Trustees.
- Assumed expenses, assumed per capital health benefit costs and assumed health benefit cost, retiree contribution and expense trends have been updated to reflect recent experience and its effects on our short-term expectation.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future male retirees assumed to be married and electing coverage for their spouse have been updated to reflect recent plan experience and expected trends.
- The discount rate assumption was decreased from 3.96% to 2.97% to utilize the updated yield or index rate for 20-year, tax exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Changes of Benefit Terms. The following benefit revision have been adopted since the prior valuation:

- An increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect for those HealthSelect retirees and dependents for whom Medicare is not primary.

On August 31, 2020, the College reported its proportionate share of the ERS' plans collective deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ 759,381
Changes in actuarial assumptions	2,076,834	6,521,405
Difference between projected and actual investment earnings	11,998	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	9,445,206	(233,372)
Total as of August 31, 2019 measurement date	11,534,038	7,047,414
Contributions paid to ERS subsequent to the measurement date *	345,117	-
Total	\$ 11,879,155	\$ 7,047,414

*The \$345,117 reported as Deferred Outflows of Resources resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the Net OPEB Liability in the year ended August 31, 2021.

The net amounts of the employer's balances of deferred outflows of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Year Ended August 31,	Pension Expense
2021	\$ 660,781
2022	660,781
2023	1,460,964
2024	1,454,244
2025	249,855
Thereafter	-

13. DEFERRED COMPENSATION PLAN

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. This plan is funded by employee contributions such that the College is not liable for the diminution in value or loss of all or part of the participating employees' deferred amounts or investment income due to market conditions or the failure, insolvency or bankruptcy of a qualified vendor. The total of deferred salaries of employees since the inception of the program is not determinable.

As of August 31, 2020, the College had 40 employees participating in the program. A total of \$220,367 in payroll deductions were invested in approved plans during the fiscal year.

As of August 31, 2019, the College had 35 employees participating in the program. A total of \$178,873 in payroll deductions were invested in approved plans during the fiscal year.

14. COMPENSATED ABSENCES

Full-time employees earn vacation leave at the rate of 1.25 days per month for each month of employment with the College. The College's policy is that an employee may not carry vacation leave forward from one fiscal year to another fiscal year. Accordingly, the College did not recognize an accrued liability for the unpaid vacation leave in the financial statements.

A liability for accrued sick leave, which is earned at a rate of 80 hours per year and can be accumulated up to 45 days (60 days after 10 years of service), is not recorded. It is the policy of the College to not record accrued sick leave as a component of compensation expense because the benefits become compensation when the sick leave is utilized, not when accumulated. Upon termination, an employee does not receive payment for any accumulated sick leave.

15. PENDING LAWSUITS AND CLAIMS

None

16. CONTRACT AND GRANT AWARDS

Contracts and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *State and Local Governments*, 8.99). For Federal Contract and Grant Awards, funds expended but not collected are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed (e.g., multi-year awards) or funds awarded during fiscal years 2020 and 2019 for which monies have not been received nor funds expended, totaled \$1,627,192 and \$4,483,181, respectively. Of this amount, \$1,003,787 and \$3,344,001 were from Federal Contract and Grant awards, respectively and \$623,405 and \$1,139,180 were from State Contract and Grant awards.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

17. SELF-INSURED PLANS

The College maintains a self-insured arrangement for coverage in the area of unemployment compensation. The unemployment compensation plan is on a pay-as-you-go basis. Payments for incurred claims are charged to current funds expenditures. Prior to 1998, the College maintained a self-insured arrangement for coverage in the area of workers' compensation insurance. The College has funds available to cover claims incurred in the period the institution was in this plan. Claims Administrative Services, Inc. of Tyler, Texas administers the plan.

18. HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums. The State's contribution per full-time employee was \$625 and \$625 per month for employee-only coverage for the years ended August 31, 2020 and 2019, respectively. The cost of providing these benefits and the total number of employees participating in the plan and contributions were as follows:

	August 31, 2020		August 31, 2019	
	Number of Employees	Contribution	Number of Employees	Contribution
Active Employees	380	\$ 1,644,792	378	\$ 1,374,187
Retired Employees	106	420,515	105	441,438
	486	\$ 2,065,307	483	\$ 1,815,625

S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

19. AD VALOREM TAX

The College's ad valorem property tax is levied each October 1 on assessed value listed as of the prior January 1 for all real and business personal property located in the District.

Net assessed valuation on August 31 was as follows:

	Fiscal Year 2020	Fiscal Year 2019
Assessed Valuation	\$ 4,678,766,917	\$ 4,386,927,831
Less: Exemptions & Abatements	(1,166,305,654)	(1,133,080,399)
Net Assessed Valuation	\$ 3,512,461,263	\$ 3,253,847,432

The tax rates per \$100 valuation were as follows:

	Fiscal Year 2020		Fiscal Year 2019	
	Current Operations	Debt Service	Current Operations	Debt Service
Authorized	0.20000	0.07570	0.20000	0.50000
Assessed	0.08080	0.02560	0.08080	0.02940

Taxes levied for the years ended August 31, 2020 and 2019, were \$4,055,900 and \$4,044,783, respectively. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the years ended August 31, 2020 and 2019, were 99.86% and 99.60%, respectively, of the current tax levy. Allowances for uncollectible taxes are based upon historical

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking expenditures.

	Current Operations	Debt Service	Total
<u>Fiscal Year Ended August 31, 2020</u>			
Current Taxes Collected	\$ 2,993,203	\$ 1,012,672	\$ 4,005,875

Total Collections	<u>\$ 3,000,560</u>	<u>\$ 1,082,088</u>	<u>\$ 4,082,648</u>

20. BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance tax established by election has been levied by Graham Independent School District in Young County, Texas. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in Graham Independent School District. Collections are transferred to the College to be used for the operation of a Branch Campus at Graham. This revenue is reported under Local Grants and Contracts.

	Collections (including penalties and interest)	
	August 31, 2020	August 31, 2019
Young County	\$ 423,157	\$ 408,715

21. INCOME TAXES

The College is exempt from income taxes under Internal Revenue Service Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations*. The College had no unrelated business income tax liability for the years ended August 31, 2019 and 2018.

22. BLENDED COMPONENT UNIT

Mary Josephine Cox Estate Trust: The Mary Josephine Cox Estate (the Trust) is a Trust that has been granted tax-exempt status pursuant to the provisions of the Internal Revenue Code Section 501(c)(3). The resources of the Trust are to be used to provide scholarships to North Central Texas College for Cooke County, Texas residents that meet certain specified criteria. The Trust owns real property located in Texas and Oklahoma. The Texas property is the site of an agricultural experiment farm. The Oklahoma property is leased to a farmer/rancher.

For the fiscal years 2020 and 2019, the Trust was totally managed by the Administration of the College and falls under the direct oversight of the College's Board of Regents. For the years ended August 31, 2020 and 2019, the Trust is presented using the blended method of inclusion.

Condensed component unit information for Mary Josephine Cox Estate Trust, the College's blended component for the year ended August 31, 2020 and 2019 is as follows:

23. COMMITMENTS AND CONTINGENT LIABILITIES

Grants: The College participates in grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the College has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. In the opinion of the College, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

24. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2020 and 2019, the College purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

25. TAX ABATEMENTS

North Central Texas College has entered into property tax abatement agreements with local businesses under the Property Redevelopment and tax Abatement Act, Chapter 312, V.T.C.A, Tax Code. Localities may grant property tax abatements of up to 50% of a business' property tax bill for attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business located within or promising to relocate to the service area of the College.

For the fiscal year ended August 31, 2020, the College abated property taxes totaling \$96,626 under this program, including the following tax abatement agreements that each exceeded 10% of the total amount abated:

- A 50% property tax abatement to a wind farm to stimulate investment and economic development. The abatement amounted to \$49,465.
- A 50% property tax abatement to a manufacturer to stimulate investment and economic development. The abatement amounted to \$10,881.
- A 50% property tax abatement to an apartment complex to stimulate investment and economic development. The abatement amounted to \$14,916.
- A 50% property tax abatement to a banking institution to stimulate investment and economic development. The abatement amounted to \$17,490.

For the fiscal year ended August 31, 2019, the College abated property taxes totaling \$74,655 under this program, including the following tax abatement agreements that each exceeded 10% of the total amount abated:

- A 50% property tax abatement to a wind farm to stimulate investment and economic development. The abatement amounted to \$58,721.
- A 50% property tax abatement to a manufacturer to stimulate investment and economic development. The abatement amounted to \$8,464.

26. SUBSEQUENT EVENTS

The College's management has evaluated subsequent events through December 11, 2020, the date which the financial statements were available for issue.

27. NORTH CENTRAL TEXAS COLLEGE FOUNDATION – DISCRETE COMPONENT UNIT

The North Central Texas College Foundation, Inc., (formerly Cooke County College Endowment Foundation, Inc.), a non-profit corporation, organized and existing under the laws of the State of Texas, with its principal office at 1525 California, Gainesville, Texas, 76240, was created on October 17, 1984. The Foundation's purpose is two-fold: to receive, hold, and manage private gifts and bequests of money for the benefit and advancement of North Central Texas College and its students and to promote a positive public image for North Central Texas College. The Foundation is organizationally and fiscally separate from North Central Texas College, but it utilizes the name and mission of the College and operates only under the approval and sanction of the College's Board of Trustees. The Foundation qualifies as a discretely presented component unit of North Central Texas College.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Basis of Accounting

The financial statements of North Central Texas College Foundation, Inc. (the Foundation) are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

The Foundation maintains its accounts in accordance with the principles of fund accounting. Resources for various purposes are classified into funds that are in accordance with activities or objectives specified by donors. Separate accounts are maintained for each fund. For reporting purposes, however, the Foundation classifies net position and revenues, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions. Accordingly, net position of the Foundation and changes therein are classified according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Cash and Cash Equivalents

The Foundation considers all highly liquid financial instruments with an initial maturity of three months or less are cash equivalents. Cash and short-term investments held in a trust agency account are reported as investments instead of cash because the Foundation holds those funds as an endowment.

Investments

The Foundation's investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Realized and unrealized gains and losses are reported in the statement of activities.

Contributions

Contributions received by the Foundation are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions received which are designated for future periods or specific uses are required to be presented as temporarily restricted support and are reclassified to unrestricted net assets upon satisfaction of the restrictions.

Promises to Give

Contributions, including unconditional promises to give, are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as increases in unrestricted assets if the restrictions expire during the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When restrictions expire, temporarily restricted net assets are reclassified to unrestricted net assets. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Donated Materials, Services and Facilities

The salaries of certain Foundation employees were donated by the North Central Texas College. The College also provides office space and equipment at no cost to the Foundation. The value of these contributed services is provided in the notes and is reported in the financial statements.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

Presentation of Expenses

The cost of providing the various programs and activities of the Foundation has been summarized on a functional basis in the accompanying statements of activities.

- Program Services and Scholarships consists of scholarships and departmental expense payments made to the College for tuition and books on behalf of specified students, staff, and faculty of the College
- Management and General expenses consist of general supporting services that are necessary for the services received from the College based on the cost recognized by the College for the supplies and personnel providing those services.
- Fundraising activities are directed at soliciting and receiving funds, gifts, grants, and property to enable the Foundation to fulfill its purpose.

Net Assets Without Donor Restrictions

Net assets without donor restrictions are currently available net assets for operating purposes under the direction of the board, designated by the board for specific use, or donor advised funds.

Net Assets with Donor Restrictions

Contributions received from third parties with donor stipulations that limit the use of the donated assets, including specific or implied time restrictions inherent in pledges to give cash or other assets in the future, or are restricted such that the original gift (or principal) must be maintained in perpetuity, such as a permanent endowment fund are reported as net assets with donor restriction in the accompanying financial statements. When the applicable restriction expires, that is, when a stipulated time restriction ends or the purpose of the restrictions is accomplished (including accrual of the related obligation), net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements or activities as net assets released from restrictions. Contributions received with temporary restrictions which are satisfied in the same reporting period are accounted for as described above and are included in net assets released from restrictions in the accompanying statement of activities. For contributions maintained in perpetuity, only the investment return on the original principal is available for use according to donor restrictions.

Exemption from Income Taxes

The Foundation is a Texas non-profit corporation and has obtained exemption from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Foundation has been determined by the Internal Revenue Service not a "private foundation" within the meaning of Section 509(a) of the Internal Revenue Code.

Functional Expenses

Expenses are summarized and categorized based on their functional classification as either program services or supporting services in the statement of functional expenses. Specific expenses that are readily identifiable to a single program or activity are charged directly to that function.

NOTE B – CASH AND CASH EQUIVALENTS

Cash and cash equivalents include demand deposit and certificates of deposit at local financial institutions. At August 31, 2020 and 2019, the carrying balance of the Foundation's cash and cash equivalents was \$141,269 and \$36,401, of which all of it was restricted for scholarships, and the bank balance was \$141,539 and 86,088. The difference in carrying balance and bank balance represent amounts outstanding that cleared in the subsequent year.

NOTE C – INVESTMENTS, DONOR-DESIGNATED ENDOWMENTS

As of August 31, 2020, and 2019, investments consist of common stock, bonds, mutual funds, and US Treasury notes. All investments are stated at fair values at year-end. Investment values and cumulative unrealized gain or (loss) on August 31, 2020 and 2019, are summarized as follows:

Investment Policy

To achieve its investment objectives, the endowment funds will be allocated among a number of asset classes. These asset classes may include domestic equity, domestic fixed income, international equity, international fixed income, real estate, venture capital, and cash. The purpose of allocating among asset classes is to ensure the proper level of diversification within the funds. The general policy shall be to diversify investment among both equity and fixed income securities to provide a balance that will enhance total return while avoiding undue risk concentration in any single asset class or investment category.

In establishing appropriate allocation for each fund, four basic concepts are involved:

- Time Horizons – length or term of investment.
- Return Expectations – anticipated earnings on the investment.
- Liquidity Requirement – cash availability.
- Risk – amount of fluctuation in the value of the investment that can be tolerated.

The endowment funds should be diversified both by asset class and within asset classes. Within each asset class, securities should be diversified among economic sectors, industry, quality, and size. The purpose of this diversification is to provide reasonable assurance that no single security or class of

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

securities will have a disproportionate impact on the performance of the total fund. As a result, the risk level associated with the portfolio investment is reduced.

Endowment Policy

The Foundation's endowments consist of approximately 340 individual funds established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The purpose of the scholarship program is to accept contributions and award scholarships for the College's students. Additional endowments may be established to support the College's efforts in program development, improvement of instruction, and professional development such as a Technology Fund.

According to Foundation policy, endowments are generally defined as restricted gifts for which the principal is held inviolate and in perpetuity. Generally, individuals may endow a "Named" Scholarship for \$13,500 and corporate entities may endow a "Named" Scholarship for \$15,000.

The gift is invested according to the established policy of the Foundation. The corpus of the Trust shall be invested and reinvested separately or together with other funds of the Foundation, and only the income from the endowment shall be awarded. The Board of Directors shall be authorized to pay out of the income, all expenses and liabilities properly incurred in furthering the purpose of the trust. If an endowment is made up of assets other than cash and administrative expenses are incurred above the income earned, the Foundation can pay this expense out of the principal.

A minimum of \$1,000 must be received for the establishment of a separate scholarship fund working toward full endowment. Within 5 years of the initial deposit, an additional \$5,000 must be added. At the completion of the 5-year/\$6,000 criterion, the subsequent interest will be returned to the principal until the endowment is fully funded at \$13,500 or \$15,000. Specific exceptions to the required principal balance may be authorized at the discretion of the foundation's Board of Directors.

Once fully endowed, the earned interest will be used for the scholarships. The student receiving the scholarship will be called the "Name" Scholar. Donors also have the option of designating a portion of their contribution for an annual award. For example, a donor may pledge a \$13,500 endowment and initially give \$2,000 to go directly into the endowment funds and an additional \$500 to be awarded to a student during the current year and continue to do so until the scholarship is fully endowed.

Investment net asset composition by type of fund as of August 31, 2020 and 2019 is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Endowment Assets
August 31, 2020				
Donor-restricted endowment funds	\$ -	\$ 5,190,844	\$ 6,857,266	\$ 12,048,110

NOTE D – CONCENTRATIONS OF CREDIT RISK FROM FINANCIAL INSTRUMENTS

The Foundation, a Component Unit of the College has concentrations of credit risk from financial instruments in the two areas listed below:

- On August 31, 2020 and 2019, the Foundation had \$141,269 and \$36,401 deposited in demand accounts and certificates of deposit. At various times during the audit period, the balances in the banks were over the FDIC limit. These funds were fully collateralized at year-end.
- On August 31, 2020 and 2019, the Foundation had \$11,138,069 and \$10,683,021 invested in Marketable Debt Securities. These investments are not covered by the FDIC or any other form of insurance and they are not collateralized.

The Foundation's Board of Directors do not require that assets invested by the Foundation in demand accounts, money market accounts, certificates of deposit, or U.S. Treasury securities be collateralized.

NOTE E – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or most advantageous market. All assets subject to fair value measurement have been valued using a market approach except for Level 3 assets which are valued using the income approach.

Fair values for assets in Level 1 are calculated using quoted market prices in an active market or the price of an identical asset or liability. Fair values for assets in Level 2 are calculated using quoted market prices for similar assets in markets that are not active. Fair values for assets in Level 3 are calculated using assumptions about discounted cash flow and other present value techniques. There were no changes in the valuation techniques during the two years presented.

NOTE F – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Foundation's financial assets as of the balance sheet date, reduced by amount not available for general use because of contractual or donor-restrictions within one year of the balance sheet date.

Financial assets at year-end	8/31/2020	8/31/2019
	\$ 12,254,818	\$ 11,179,494
Less those unavailable for general expenditures within one year due to:		
Donor-restricted to endowment	(6,857,266)	(6,307,766)
Donor-restricted to scholarship expenses	(5,374,500)	(4,850,736)
Financial assets available to meet the needs for general fund expenditure within one year	<u>\$ 23,052</u>	<u>\$ 20,992</u>

As part of the Foundation's liquidity management, it invests cash in excess of daily requirements in short-term investment, typically mutual funds.

NOTE G – SCHOLARSHIPS PAYABLE

Scholarship payables represent Fall 2020 and Fall 2019 scholarships awarded, but not paid as of August 31, 2020 and 2019. The scholarship payable as of August 31, 2020 and 2019 was \$438,520 and \$517,972.

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

NOTE H – RESTRICTIONS ON NET ASSETS

Net assets are classified into two categories: net assets without donor restrictions and net assets with donor restrictions. The classifications are dependent upon the existence and/or nature of any donor restrictions placed upon net assets.

- Without Donor Restrictions – Net assets without donor restrictions are available for current operating expense or for designation by the Board of Directors for a specific purpose.
- With Donor Restrictions – Net assets with donor restrictions are assets that have been restricted by donors until the occurrence of a certain event or the expiration of time requirements.

NOTE I – CONTRIBUTIONS

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence or nature of any donor restrictions.

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal years in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

NOTE J – CONCENTRATION OF REVENUE SOURCES

The Foundation is largely supported by contributions from the public. It is always considered reasonably possible that benefactors or contributors might be lost in the near-term. The Foundation's market is concentrated in the north central Texas geographical area.

NOTE K – FUNCTIONAL EXPENSES

The cost of providing the various programs and activities of the Foundation has been summarized on a functional basis in the accompanying statement of activities. Functional expense categorized by scholarships and departmental expense, management and general and fundraising costs for the years ended August 31, 2020 and 2019 are as follows:

	Program Services	Support Services	Total
August 31, 2020			
EXPENSES:		-	-
Scholarships	1,052,519	-	1,052,519
Departmental Expenses	175,187	-	175,187
Management and General	-	340,416	340,416
Fund Raising	-	56,066	56,066
TOTAL EXPENSES	<u>\$ 1,227,706</u>	<u>\$ 396,482</u>	<u>\$ 1,624,188</u>
August 31, 2019			
EXPENSES:			
Scholarships	\$ 1,031,076	-	1,031,076

Fund Raising	-	46,906	46,906
TOTAL EXPENSES	<u>\$ 1,224,117</u>	<u>\$ 386,845</u>	<u>\$ 1,610,962</u>

NORTH CENTRAL TEXAS COLLEGE
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 and 2019

NOTE L – CONTRIBUTED SERVICES RECEIVED FROM PERSONNEL OF AN AFFILIATE

North Central Texas College, an affiliate of the Foundation, provided operating expenses to the Foundation without charge for use in its program. During the years ended August 31, 2020 and 2019, the Foundation recognized revenue and related expense of \$299,851 and \$294,737 for contributed services received from the College based on the cost recognized by the College for supplies and personnel providing those services. The College supports the Foundation by providing the following operating expenses:

	<u>8/31/2020</u>	<u>8/31/2019</u>
Salaries	\$ 264,727	\$ 223,814
Postage	15	25
Travel	1,610	2,935
Other	33,499	67,963
Total	<u>\$ 299,851</u>	<u>\$ 294,737</u>

NOTE M – RELATED PARTIES

The Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The Foundation solicits donations and acts as coordinator of gifts made by other parties. It remitted restricted scholarships of \$1,052,519 and \$1,031,076 to the College during the years ended August 31, 2020 and 2019. During these years, the College furnished certain services, such as office space, utilities, and staff assistance to the Foundation. The Foundation did not reimburse the College for these services.

NOTE N – SUBSEQUENT EVENTS

The Foundation had no material subsequent events. Subsequent events were evaluated through December 11, 2020, which is the financial statement issuance date.

**NORTH CENTRAL TEXAS COLLEGE
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED AUGUST 31, 2020**

A. Notes to Schedules for the TRS Pension

Changes of Benefit Terms.

Information about factors that significantly affect terms in the amount reported in the RSI Schedules should be presented (for COLA increases).

Changes of Assumptions.

The following changes of assumptions occurred during the year ending August 31, 2020:

- The total pension liability as of August 31, 2019 was developed using a roll-forward method from the August 31, 2018 valuation.
- Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2018.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 6.907% as of August 31, 2018 to 7.25% as of August 31, 2019.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

B. Notes to Schedules for the TRS OPEB Plan

Changes in Benefit Terms.

An increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect for those HealthSelect retirees and dependents for whom Medicare is not primary.

Changes in Actuarial Assumptions.

Demographic assumptions (including rates of retirement, disability, termination, mortality, and assumed salary increases) for Higher Education members have been updated to reflect assumptions recently adopted by the Teacher Retirement (TRS) Trustees.

- Assumed expenses, assumed per capita health benefit costs, and assumed health benefit cost, retiree contribution, and expense trends have been updated to reflect recent experience and its effects on our short-term expectation.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future male retirees assumed to be married and electing coverage for their spouse have been updated to reflect recent plan experience and expected trend
- The discount rate assumption was decreased from 3.96% to 2.97% to utilize the updated yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED AUGUST 31, 2020

Note 1: Federal Financial Assistance Reconciliation:

Federal Grants and Contracts Revenue per Schedule A	\$	6,411,954
Federal Revenue, Non Operating per Schedule C		10,922,376
Add: Direct Student Loans		11,747,493
Total Federal Revenues per Schedule of Federal Awards	\$	29,081,823

Note 2: Significant Accounting Policies Used in Preparing the Schedule:

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the general purpose financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. Since the College has agency approved Indirect Recovery Rate, it has elected not to use the 10% de minimis cost rate as permitted in the UG, section 200.414.

Note 3: Expenditures Not Subject to Single Audit

None

Note 4: Student Loans Processed and Administrative Costs Recovered - If Not Included in Schedule

SINGLE AUDIT REPORTS

(this page left blank intentionally)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Regents
North Central Texas College
North Central Texas College Foundation, Inc.
Gainesville, TX 76240

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component unit of the North Central Texas College (College) as of and for the year ended August 31, 2020 and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated December 11, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Texas Public Funds Investment Act

We have performed tests designed to verify the College's compliance with the requirements of the Texas Public Funds Investment Act. During the year ended August 31, 2020, no instances of noncompliance, material or nonmaterial, were found.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Gainesville, Texas
December 11, 2020

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE
STATE OF TEXAS SINGLE AUDIT CIRCULAR**

To the Board of Regents
North Central Texas College
Gainesville, TX 76240

Report on Compliance for Each Major Federal and State Program

We have audited the compliance of North Central Texas College (College) with the types of compliance requirements described in the *OMB Compliance Supplement* and the State of Texas *Single Audit Circular* that could have a direct and material effect on each of College's major federal and state programs for the year ended August 31, 2020. The College's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's compliance based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State of Texas *Single Audit Circular*. Those standards and the Uniform Guidance and the State of Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended August 31, 2020.

Report on Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas *Single Audit Circular*, but not for the purpose of expressing an opinion on the

effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas *Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
